## **GLOBAL LEADERS IN TESTING, INSPECTION & CERTIFICATION**

The Element Materials Technology Group is one of the world's leading global providers of testing, inspection and certification services for a diverse range of materials, products and technologies in advanced industrial supply chains where failure is not an option. Headquartered in London, UK, Element's team of more than 6,000 expert scientists, engineers and technicians operate from 200 locations across five continents, delivering an extensive range of solutions to customers in critical industries including Aerospace, Connected Technologies, Construction, Defense, Energy, Environmental, Life Sciences and Transportation. Everything we do is designed to help our customers to develop better products, get them to market on time, save time and money, and to minimize the risk to their business from their materials and product development and production activities.
